<Ralitsa Voronevska />

A creative, passionate and proactive "can-do" Frontend Developer with 4 ½ years of experience in building high-performance, scalable and responsive web solutions, following all the best practices in terms of UI/UX, accessibility, SEO and SOLID principles. I am focused on crafting solutions tailored to both user needs and business objectives. I like solving problems, learning new things and experimenting with different technologies. I stand out with strong attention to detail, excellent communication and negotiation skills, as well as my ability to work well individually and/or as a part of a team. I have experience in dynamic environments, I am enthusiastic regarding overcoming challenges and reaching targets.

<Working experience>
May 2025 – Present
Position: *Continuously refining my expertise and expanding my technical toolkit*
Location: Varna, Bulgaria
Technology used: Vue.js 3 (CAPI), Vite.js, Vitest, TypeScript, Pinia, TailwindCSS v4, Postman, Nuxt.js

August 2024 – April 2025
Position: *Mid Front-end Developer (10+ppl)*
Employer: Delasport – www.delasport.com
Location: Sofia, Bulgaria
Referral Letter from Rangel Todorov [latest TL @ Delasport]
Referral Letter from Marin Terzyiski [former TL, currently Head of Front-end @ Delasport]

September 2020 – July 2024
Position: *Frontend Developer (in a team of 3ppl which grew bigger in time up to 10+ppl)*
Employer: Delasport – www.delasport.com
Location: Sofia, Bulgaria

Technology used: HTML5, CSS3/SASS, JS (jQuery)/ES6, Responsive Web Design, APIs
Frameworks and libraries: Vue.js/VueX/Vue-router/axios, Bootstrap v4.1.0, TailwindCSS
JS Framework: Around the middle of 2023 we've started migrating the main project from Vue.js 2 with Options API (legacy code with BackBone.js) to Vue.js 3 with Composition API and TypeScript
Project specifics: PHP, Symphony, Twig
Version control systems: Git, BitBucket
Automation workflow tool: Gulp
Design tools: Adobe Photoshop 2024
Agile project planning and tracking: JIRA
Project Management Framework: Agile Scrum/Kanban
Main Responsibilities: I worked on a large-scale, high-performance SPA handling, different request from the business and improving the UX/UI of the Main Project. One of my main tasks were delivering Front-end implementations of XD/PSD/Figma or even .pdf files to "Pixel Perfect" Designs (Skins) & Redesigns on client's websites ensuring that both design and functionality are seamlessly integrated.

Sept 2019 – Aug 2020
Position: *Front-end Developer*
Employer: Economedia – www.economedia.bg
Location: Sofia, Bulgaria
Projects: www.dnevnik.bg (main), www.karieri.bg | www.capital.bg | www.bacchus.bg | www.regal.bg
Project specifics: PHP v5.6.34, Symfony v2.8.51, Twig
Technology used: HTML5, CSS3, JS (+jQuery), SEO [Tools and Extensions], AMP Validator
Main Responsibilities: SEO, AMP (Accelerated Mobile Pages), Frontend implementation of Adobe XD "Pixel Perfect" Designs & Redesigns, Bug Fixes, Documenting workflows & User Guides.

August 2018 – July 2019 (1 year contract; maternity leave substitute)
Position: *Project Manager*
Employer: HPE – www.hpe.com
Location: Sofia, Bulgaria
Reference letter from Michaela Turner [WW P&DG EMEA Lead]

March 2018 – March 2020
Position: *Project Manager & Frontend Developer (working on personal projects)*
Location: Sofia, Bulgaria
Technology used: Bootstrap v4.3.1, Gulp, HTML5, CSS (SASS), JS (+jQuery), OpenCart
Details: Due to the arrival of COVID-19 the 2 personal projects haven't been launched.

May 2017 – March 2018
Position: *Project Manager of Questionnaire Programming Team (14 ppl)*
Employer: cQuest Research & Consulting Ltd - www.cquest-rc.com
Location: Sofia, Bulgaria
Technology used: HTML, CSS, JS (+jQuery), XML, Python
Reference letter from Kamen Valchev (Former Team Leader of the QP Team)

July 2016 - April 2017
Position: *Online Survey Programmer*
Employer: cQuest Research & Consulting Ltd - www.cquest-rc.com
Location: Sofia, Bulgaria
Technology used: HTML, CSS, JS (+jQuery), and from Nov 2016 => XML and Python
</Working experience>
